

Face suicide warning signs before it's too late.

- Increased tardiness and absenteeism
- Decreased productivity
- Decreased self-confidence
- Isolation from peers
- Agitation and increased conflict among co-workers
- Increased feelings of being overwhelmed
- Decreased problem solving ability
- Legal and illicit substance abuse
- Near hits, incidents and injuries

Construction workers are statistically at a higher risk for mental health issues than virtually every other profession.

If you or someone you know is feeling depressed or suicidal, both you and they are not alone. **There are others in our industry who can relate, and more importantly, others who can help.**

Visit [ManTherapy.org](https://www.mantherapy.org) for innovative and customized online tools and actions for mental health treatment and recovery.
